I represent and warrant that **I have read and pledge to abide by the most current Market rules and bylaws** (posted on the website <http://www.bainbridgefarmersmarket.com>).

I am in compliance with all applicable laws and regulations, and I indemnify and hold harmless the Bainbridge Island Farmers' Market Association and each of its Officers, Directors, Employees and Agents for any breach of this representation, the Bylaws or the Rules of the Market.

“All vendors who wish to erect canopies (including umbrellas) on the Farmers' Market site during the normal period of Market operations, including the set up and break down period, are required to have their canopies sufficiently and safely anchored to the ground from the time their canopy is put up to the time it is taken down. Any vendor who fails to properly anchor his or her canopy will not be allowed to sell at the Farmers' Market on that Market day, unless that vendor chooses to take down and stow their canopy and sell without it.” This is in accordance with the rules of the Washington State Farmers' Market Association. Electricity: for safety, outdoor vendors are required to run power cords overhead from booth to outlet by church front door; indoor vendors must keep power cords out of customer pathways.
